Naif

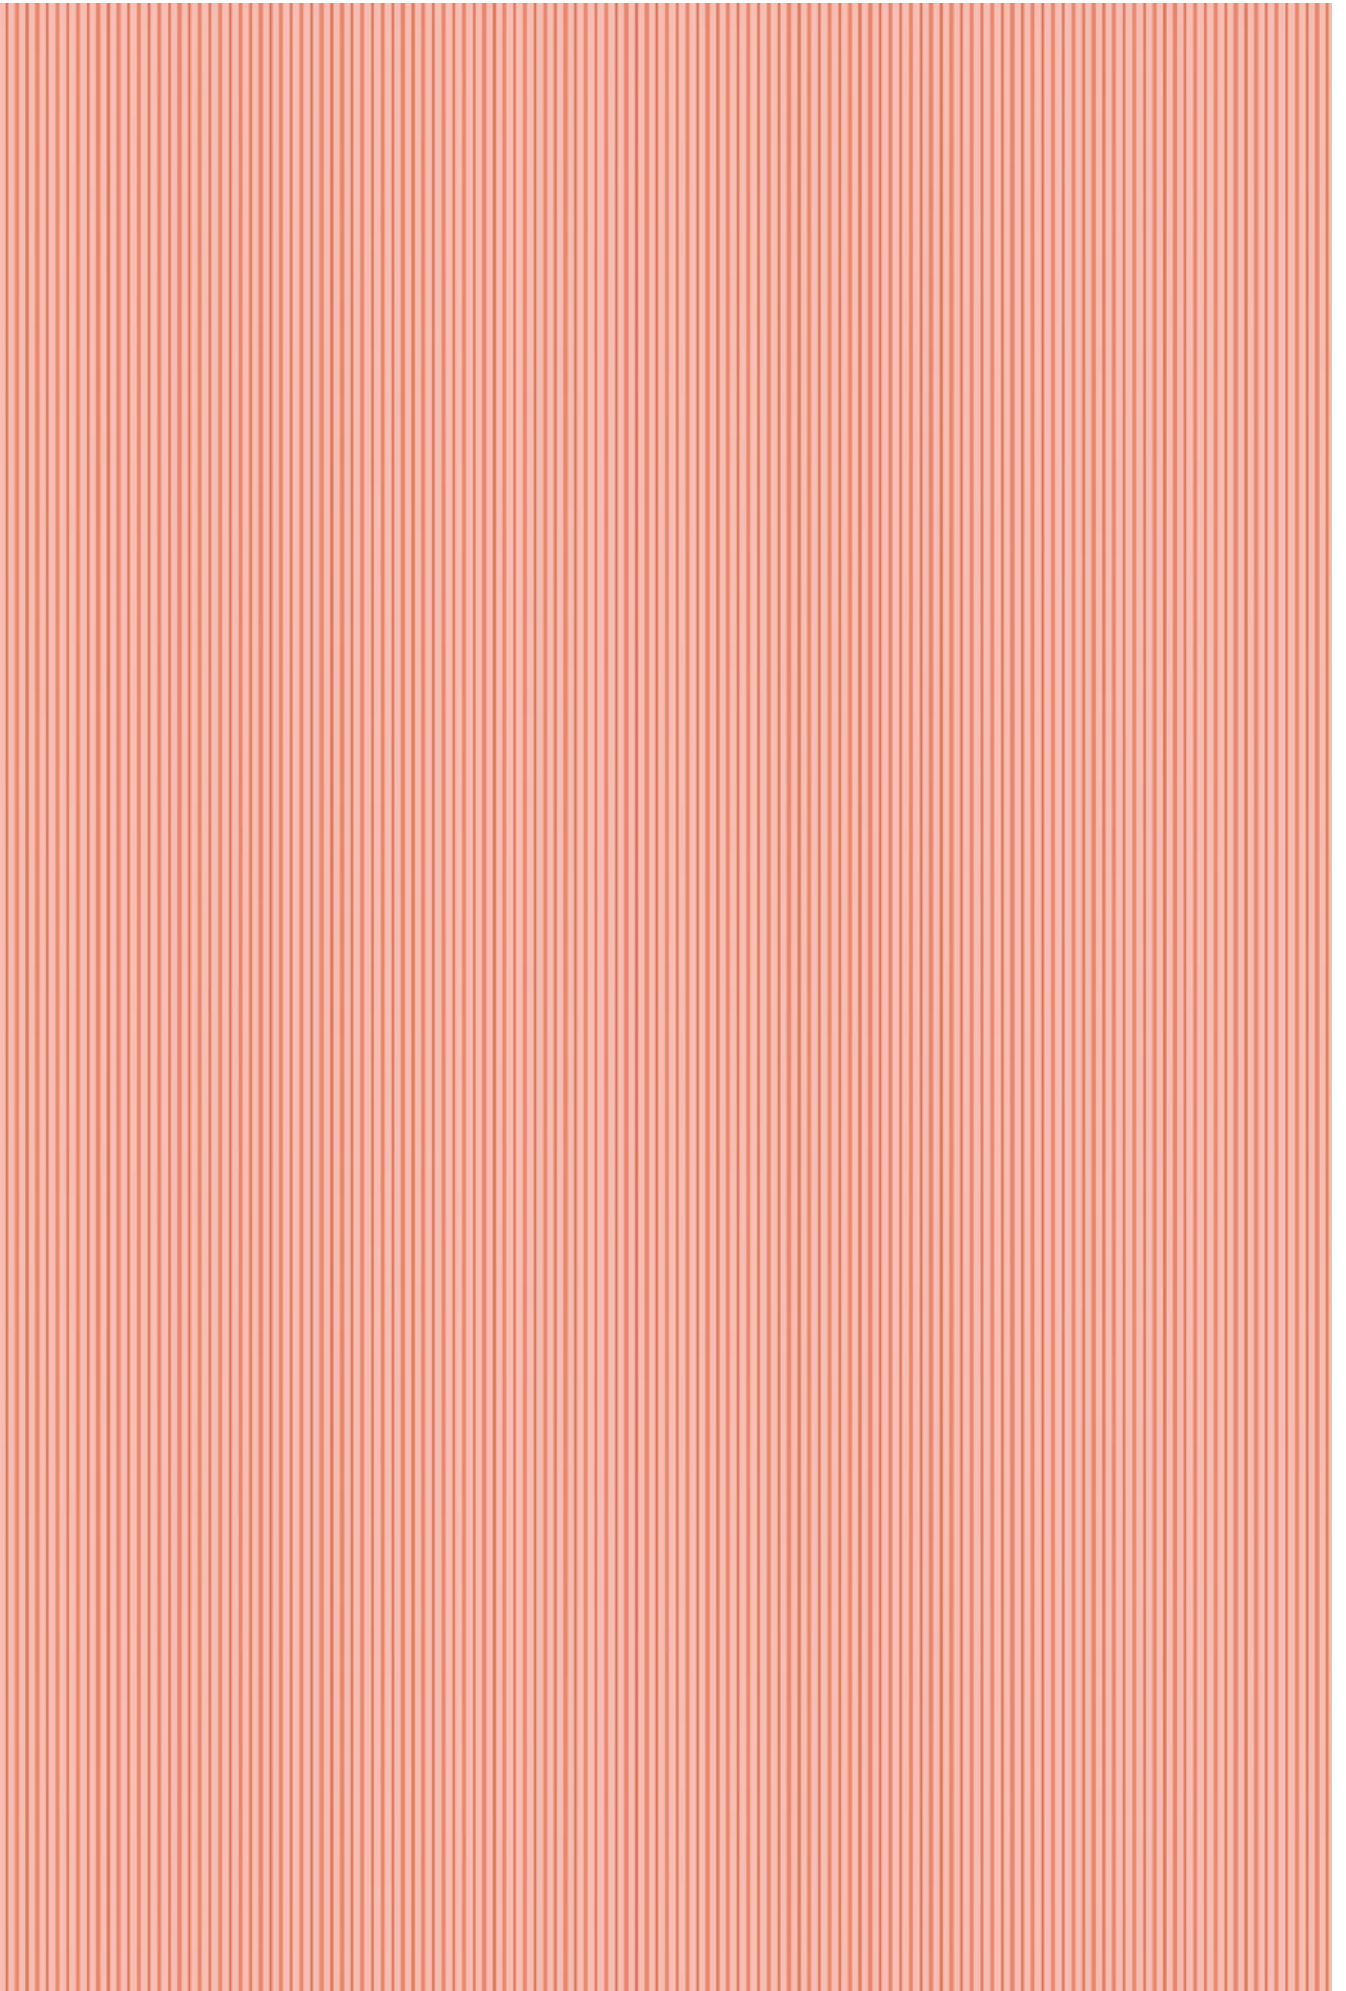

Naif destaca por la ingenuidad y espontaneidad de su diseño, formada por varios estampados y colores (todos ellos combinables entre sí), está concebida para recrear ambientes frescos y alegres, con un punto de desorden que le confiere un aura interesante. Como dicta la corriente artística, inspirada en su vertiente más bucólica, se han utilizado colores pastel e intensos, ambos con acabados brillantes

Naif is characterised by its intelligent and spontaneous design made up by varied colours and patterns all of which combine together. It is perfectly suited to create a fresh and pleasant area with a slight disorganized feel making the room striking and interesting in design. Following the latest artistic tendencies both pastel and intense gloss colours have been used.
